

REMARKS

Claims 1-13 are currently pending. Claims 1-6 have been rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-7 of U.S. Patent No. 6,665,893. Claims 7-13 have been allowed.

The abstract has been amended to include a description of the border cover.

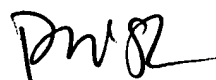

The specification has been amended to include a reference to parent U.S. Patent Application No. 6,665,893.

An IDS in conformity with PTO 1449 listing the prior art cited in the parent application was submitted on March 9, 2004. Please advise if you have not received the document and it will be resent.

Submitted herewith is a Terminal Disclaimer for claims 1-6 which is believed to overcome the obviousness type double patenting rejection set forth in the Office Action. It is respectfully submitted that the application is now in allowable condition. A check in the amount of \$110.00 is also enclosed which is the fee associated with the filing of the Terminal Disclaimer.

A formal notice to that effect is respectfully requested in due course. Therefore, claims 1-13 are currently pending and believed to be in condition for allowance and such favorable action is respectfully requested. If any issues remain that would prevent issuance of this application, the Examiner is urged to contact the undersigned by telephone prior to issuing a subsequent action.

Respectfully submitted,

David Wade Schnell
